Draft - Nevada 2012 Integrated Report

December 19, 2013

Draft Nevada 2012 Integrated Report

Every two years the Nevada Division of Environmental Protection is required by the Clean Water Act (CWA) to conduct a comprehensive analysis of water quality data associated with Nevada surface waters to determine whether state surface water quality standards are being met and designated uses are being supported. The Nevada Integrated Report is prepared in accordance with the requirements of Sections 303(d)/305(b)/314 of the Clean Water Act and is intended for use by the public, other entities and NDEP for water quality management planning purposes.

The *Draft - Nevada 2012 Integrated Report* is available at the website
